

As part of a larger project to simplify Webl and make it easier to use, BWF RAS (Bureau of Working Families – Research and Analytics Section) will archive unused and underutilized Webl reports from the Employment Programs folder on Thursday, June 28. The reports listed below will be moved to an archive folder and will no longer be available for public use.

If you have any questions or feel you need continued access to any of the identified reports, please contact the RAS Data Coordinator at [sara.baudhuin@wisconsin.gov](mailto:sara.baudhuin@wisconsin.gov) by Thursday, June 14.

Future phases will involve re-organizing the remaining reports into an easier-to-understand folder structure; combining similar reports into a single, comprehensive report; and developing a new naming standard for future reports.

Thank you for your patience while RAS improves the Employment Programs folder.

The following reports will be unavailable for use starting on Thursday, June 28:
